EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Response to Arguments

1. Applicant's arguments with respect to the non-statutory obviousness-type double patenting rejections have been fully considered and are persuasive. The rejections of claims 1-19 have been withdrawn.

Reasons for Allowance

2. Claims 1-19 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or reasonably suggest the claimed invention. Specifically, the prior art fails to disclose or reasonably suggest the claimed combination of features including, *inter alia*, a sampling port fluidly connected to the conduit and filter chamber, a drain passage positioned below the sampling port, and means for sealing the drain passage during select portions of a washing operation, as claimed in independent claims 1, 2 & 11. For at least the foregoing reasons, claims 1-19 are believed to recite patentable subject matter.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: U.S. Patent Publication No. 2006/0174924 to HEDSTROM et al.,
